

Aboriginal Nurse Mentorship Program Registration and Matching Form

The University of Saskatchewan College Of Nursing Aboriginal Nurse Mentorship Program pairs Aboriginal nursing students (within a few weeks of graduating) with Aboriginal registered nurses across Saskatchewan for four months after graduation. The goal of the program is to support Aboriginal nursing students to be successful Aboriginal RNs and transition effectively into the workforce.

Successful mentorships assist new graduate nurses with transition to the workplace and to their professional role. These relationships are voluntary and compassionate. Mentoring is the intentional and nurturing relationship between a more experienced employee (mentor) and less experienced employee (mentee). In this relationship, the mentor demonstrates positive behaviours and provides guidance, support and knowledge to the mentee. This relationship enhances the professional development and personal growth of both the mentor and mentee.

Using the information provided below, the mentorship coordinator will pair mentors and mentees. The mentor and mentee will meet for a three hour workshop (to meet each other, to learn more about mentorship, and how to establish and carry out the relationship). Workshops will be held in April 2018 in Ile-a-la-Crosse, La Ronge, Prince Albert, Saskatoon and Regina. Mileage will be paid for mentors and mentees if they live outside of the workshop locations.

Thank you for your interest in the Aboriginal Nurse Mentorship Program. Please complete this form and email it to **aboriginal.mentorship@usask.ca** or fax it to **1-306-966-6621**, care of Noelle Rohatinsky, Aboriginal Mentorship Program Coordinator. The **deadline** for mentorship program registration and submission of the matching form is **Friday March 9, 2018 at 4:00pm**. Participation as a mentor in the mentorship program would count towards SRNA Continuing Competency requirements.

The information provided will be used to match you with a mentee and will be kept confidential. Please complete the form honestly in order to find the best match with the mentee.
