The College of Nursing is delighted to celebrate the retirement of our dedicated faculty and staff, who have spent their careers in service of our students and the health-care field. While their individual pathways reflect the diversity and potential of the nursing profession, their collective efforts have helped to enhance the research, education, and practice of nursing.

*Due to the COVID-19 pandemic, the last College of Nursing retirement celebration occurred in 2019. The individuals highlighted in this report retired between 2020 and 2023.*

We honour your contributions and wish you all the best for your well-deserved retirement.
