Criteria for Special Case Admission to the Post Degree BSN

One student may be admitted as a special case admission into the Post Degree BSN each May. Special case admission is available to applicants who do not qualify for regular admission because their average is less than 70%. Special case admission is available to students who:

- Have a minimum average of 65% calculated in the same way as the regular Post Degree BSN admission averages.
- Meet all other admission requirements including pre-requisite courses.
- Are not currently in a BSN/PDBSN Program

Applicants are considered on a case-by-case basis and the seat may not be filled each year. Students must apply to the Post-Degree BSN option by January 15th and send documents required for admission (e.g. transcripts, proof of English proficiency if required, etc.), by the document deadline of January 31st.

If you are eligible for special case admission, the Admissions office will contact you and request the documents listed below:

A resume and a letter to the Associate Dean outlining why you should be considered as a special case for admission. The letter should include:

- Relevant information on your academic record
- Work/life experience that highlights you as a special case for admission
- Any additional education
- Strategies for your success in the Post Degree BSN option
- Motivations for nursing
- Please include the names and contact information of three people who can provide a reference, for example: academic (only one), work place (direct report), volunteer/community

Please send these additional documents by February 15th to:

University of Saskatchewan
Recruitment & Admissions
