## OVERVIEW

The purpose of the Post-Degree Bachelor of Science in Nursing (BSN) option is to recognize previous university achievements of qualified students and provide them with the opportunity to earn a BSN in a shortened period of time. Students who have completed a baccalaureate degree, or have made significant progress toward a degree in another field (at least 90 credit units by April 30, prior to May 1 admission) are welcome to apply.

## LENGTH

The Post-Degree BSN option is a full-time intensive study completed in less than two calendar years.

## ADMISSION

Admission to the Post-Degree BSN option is competitive. A minimum average of 70% (calculated on the last 60 credit units (cu) towards a degree) is required to be considered for admission. A competitive average will be calculated based on post-secondary coursework completed before December 31 of the year prior to the desired entrance date. Learn more at [usask.ca/nursing](https://usask.ca/nursing).

### Prerequisites for the Post-Degree BSN Option:

- Statistics (3 cu)
- Anatomy and Physiology\* (6 cu)
- Microbiology\* (3 cu)
- Nutrition\* \*\* (3 cu)
- Humanities (3 cu)
- Indigenous Studies\*\* (3 cu)
- Social Sciences\*\* (6 cu)

*\* Must have been completed within the past 10 years*

*\*\* Students can apply with one deficiency in either Nutrition, a Social Science (3 cu) or Indigenous Studies. If you are admitted with a deficiency, you will need to complete the class by December 31 of the year you are admitted.*
